

## NEW-JERSEY ELECTION.

## Handsome Union Gains in the only Copperhead State.

The election on the 3d inst. was only for Legislature and County Officers, and consequently there was little to call for exertion. The State Senate comprised 21 members, of whom seven were to be chosen. Last year the Senate stood Union 8; Copperhead 13. By the election of the Hon. J. M. Scoville in Camden County, we gain one Union, making the new Senate 9; 12. The Assembly consists of 60 members, all elected this year. Last year the House stood 17 Union to 43 Copperheads. This year we gain two members in Essex County (we gain over 1,000 on the whole vote in this county over last year); other counties show that the Unionists gain in all seven or eight members. The State Senate is reported as follows:

Counties.	Union.	Copperhead.
Atlantic.	1	1
Bergen.	1	1
Burlington.	1	1

We cannot determine the exact number of Assembly-men; but in any event Jersey has done well.

**EASTON PA.** Wednesday, Nov. 4, 1893. Warren County, New Jersey, gives Kennedy (Dem.) 100 majority over Colonel Charles Stanton for State Senate. Colonel Stanton runs about 600 ahead of his ticket.

In Camden County the whole Union ticket is elected. Essex is elected State Senator by 109 majority. His election was severely contested.

Cumberland County gives a Union majority of three hundred.

In Salem County a Union Senator is elected, and one Democrat and one Unionist to the Assembly.

**HARLEM, July 30, 1893.**

I have been deaf for over twenty-five years, and Dr. Von Eisenberg has operated on both my ears without the slightest pain. I did not believe such a thing could be done. I now hear well and feel my head clear, which I did not for the last twenty years. The dexterity and skill with which the operation was performed evinces the highest practical ability. I hear perfectly. It is now over a month since the operation, and I continue to feel as well as ever.

**CATARH CURED.**

**NEW YORK, Aug. 23, 1893.**

I have been suffering for the last three years from a severe Catarrh, with a continual dullness in my head, a tightness across my chest, a weight over my eyes, which were weak, watery and very painful. My nostrils were continually obstructed with a purulent fluid. I have had frequent sneezing, looseness of my voice, generally attended with spitting, often with a fullness of my throat, together with a soreness and a dropping. Dr. Von Eisenberg has cured me of all these disagreeable sufferings. I now feel a new life. The treatment of Dr. Von Eisenberg is as successful as it is successful; it is impossible to overstate the benefit I have received at his hands. I heartily recommend any one suffering like myself to place themselves under Dr. Von Eisenberg's care, with a certainty of being speedily cured. I give this with gratitude and pleasure. I cannot forbear again saying that my voice, which was hoarse and thick when I applied to Dr. Von Eisenberg, is now clear and good; indeed, I feel abundantly satisfied.

**JAMES LITTLE, No. 712 7th St., New York.**

**NEW YORK, September 8.**

I have been suffering for years past from a severe Catarrh, with a great looseness over my eyes, with a severe depression, great uneasiness and pain in my head, great difficulty in breathing, and a continual accumulation in my nostrils, which gave me restless nights for several years. I have consulted several physicians, who pronounced me to be consumptive. What I suffered for so long a time is indescribable. My system was entirely disarranged and greatly debilitated. I not only felt weak, but I had a cloud continually before my eyes, and my ears were so affected that I was threatened with a total loss of hearing. I must say, I think, I was guided by Providence to come to Dr. Von Eisenberg, who not only cured me of my Catarrh by removing an astonishing quantity of disagreeable matter from my head, but he restored me to perfect health, a blessing I have not enjoyed for many years. Now I enjoy a good night's rest and pursue my business with comfort. I must acknowledge that Dr. Von Eisenberg's mild and scientific treatment for Catarrh deserves the highest commendation, as the principle which directs his system of curing Catarrh is such as to render success certain.

**JAMES FURLONG, No. 556 24th St., New York, Oct. 1, 1893.**

I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeable discharge from both ears, combined with continual rumbling noise in the head, for which I have been treated by a most eminent practitioner in the city without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is therefore due to Dr. Von Eisenberg to acknowledge that I am entirely cured, and that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, in my opinion, certain.

**JOHN TAYLOR,**

**NEW YORK, July 19, 1893.**

This certifies that my mother has been for some time afflicted with partial deafness suffering from pain, and rumbling noises in the head, together with other indications of a total loss of hearing. Dr. Von Eisenberg removed from her ears a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill.
